BULGARIANS BREAK THROUGH ALLIES' LINES

(By Associated Press.)
BERLIN, Dec. 15.--The Bulgarian forces have broken through the Anglo-French line and have severed the French from the British armies. This comes as an official statement from Serbia. A long section of the front held by the French has been taken by storm, the French suffering heavy losses. Pursuit by victors continues.

GERMAN PLANS TO DESTROY ALLEGED

ALL GREEK SHIPS ARE COMMANDERED

VAST SUM PLANNED FOR COAST DEFENSE

Three Alleged Conspirators Are Indicted in the United States Court

Germany Will Protest Against Any Further Concessions to the Allies

Increase of Nearly Three Hundred Per Cent Over Last Year

(By Associated Press.)
SAN FRANCISCO, Dec. 14.—Plans for the destruction of the munition plants at Aetna, Indiana, and Ishpeming, Michigan, were revealed in the details of the federal indictments against the three alleged conspirators in the German bomb plots. Gary, Indiana, and Pinole, California, were also suggested to the alleged agent of the conspiracy as fertile fields for similar work. Letters containing the plans were alleged to have been written to Louis Smith, the government witness against Baron George Von Grincken, connected with the German consulate, Charles Crowley, agent for the German consul general, and Mrs. Margaret Cornell, agent for Crowley, the three indicted. The indictments charge violation of the neutrality laws.

(By Associated Press.)
LONDON, Dec. 14.—The Greek government has commandeered all Greek shipping in British and American ports in an effort to supply the deficiency in food and coal which exists in Greece as the result of the entente allies' restrictions. An Athens dispatch says that protests against any further concessions by Greece to the allies will be made by Germany. The peace discussions may be continued in the reichstag, according to a Leipzig newspaper which says that 34 Socialist members signed a declaration expressing dissatisfaction with the results of the recent discussion.

(By Associated Press.)
WASHINGTON, Dec. 14. — An increase of nearly 300 per cent over the sum spent last year for big guns, the coast fortifications, and ordnance is included in the general preparedness scheme, itemized in the fortifications bill prepared by the war department. Last year \$6,060,216 was spent. This year \$23,305,123 is asked for. The sum includes the money needed for several new coast sites for forts. The scheme proposes to spend \$89,000,000 for coast defenses in the next four years.

PUBLIC BUILDING FOR TONOPAH PLANNED

Two resolutions, introduced by Congressman Roberts in the house of representatives, refer to public buildings in the state of Nevada. The first provides for such a structure in Tonopah. It reads:

Be it enacted by the senate and house of representatives of the United States of America in congress assembled, that the secretary of the treasury be, and he is hereby, authorized and directed to acquire, by purchase, condemnation or otherwise, a suitable site in Tonopah, Nevada, and to cause to be erected thereon a suitable building, with fire proof vaults, heating and ventilating apparatus, and approaches, complete, for the accommodation of the post office and other government offices, at a total limit of cost, including site of \$75,000.

The other resolution inquires into the delay in failing to erect the public buildings hitherto provided for by acts of congress. It follows:

Resolved, That the speaker of the house of representatives is hereby authorized to appoint from the membership of the house, five members, not more than two of whom shall belong to the same political party, whose duty it will be to investigate, ascertain and report to the house the reason for the delay in the construction of public buildings heretofore duly authorized by congress at Fallon, Winnemucca and Goldfield, Nevada.

WORK OF PLACING BIG TANKS BEGINS TODAY

ALL WELCOMED AT THE CHARITY FIESTA

EXPECT TO HAVE NEW FIRE PROTECTION SYSTEM READY NEXT MONTH

ELKS WILL HAVE OPEN HOUSE AT THEIR HOME TOMORROW EVENING

The work of erecting the tanks for Tonopah's new fire protection system was begun at noon today by Contractor A. A. Buchanan and a large force of men. There are two tanks, each of 250,000 gallons capacity. The contract for excavation called for the removal of more than 1700 yards of solid rock, while the concrete work was also heavy. A tram had to be built up the mountainside in order to get material to the scene. If the weather proves favorable the tanks should be completed and the system connected up early in January.

BATTLESHIP SERVICE ARRIVES

The silver service for the battleship Nevada arrived on the local yesterday evening in charge of Wells Fargo and was later placed in the state treasurer's office for safe keeping. The set has not been unpacked as yet, as it has not been fully determined where it will be placed on exhibition. In a few days, however, it will be either placed in one of the rooms at the state capitol building, under guard, or in some prominent business house in Carson, and be on exhibition for a few days, after which it will be sent to the various towns in the state for exhibition purposes, before being forwarded to the battleship Nevada. — Appeal.

SINKING RESUMED

Having completed the timbering, the West End Consolidated Mining company has resumed sinking the winze at the extreme western limits of its estate and will follow the California vein into Egyptian ground. The work will be done under the supervision of the district court, with privilege of inspection conceded to the Tonopah Extension Mining company.

The peace discussions may be continued in the reichstag, according to a Leipzig newspaper which says that 34 Socialist members signed a declaration expressing dissatisfaction with the results of the recent discussion.

LORRAINE, GREATEST CEMETERY IN WORLD

EVERYWHERE LIE CONONES OF DEAD BENEATH WOODEN CROSSES

(By Associated Press.)
PONT-A-MOUSSON, France, Dec. 14.—French Lorraine is the greatest cemetery in the world. Colonies of dead, marked by lines of crude wooden crosses, lie everywhere under newly formed sod at the edges of woods and thickets and in ravines—Germans and French. The shifting of battle scenes may be traced by following them. They are thickets where was fought the great battle for Nancy that began with the retreat of the French from Morhange and reached its climax during the battle of the Marne. The number has been continually swelled since in the fourteen months' struggle in the Woëvre and the Vosages.

DELIGHTFUL SURPRISE PARTY TENDERED

JULIUS E. SMITH TENDERED VERY PLEASANT RECEPTION ON HIS BIRTHDAY

Nobody knows exactly, or even approximately, how old Jules Smith actually is. Saturday was his birthday and he was tendered a most delightful surprise dinner. Only twenty-one candles were burning on the cake, but there was a sealed box of them reposing beside the pastry, to be called upon, if it proved necessary.

Gathered about the board were Mr. and Mrs. Smith, Jules, Jr., Fred A. Burnham, Harry D. King, R. Fred Brown, Scott Mullen and W. W. Booth. It happened to be also the first birthday anniversary of the editor of the Bonanza, and several more boxes of candles were sent for.

The dinner was a ten-course affair and was one of the most elaborate and appetizing that ever graced the board in a Tonopah home.

The guest of honor received many pledges of affection and appreciation, but what he appreciated the most was a rather daintily colored necktie given by little Jules. Accompanying it was a slip showing that it was charged to big Jules. After the dinner a theater party was enjoyed.

TWO AND QUARTER MILLIONS ARE LOST

ENORMOUS NUMBER OF FATALITIES THUS FAR SUFFERED BY PRUSSIANS

(By Associated Press.)

AMERICAN NOTE IS FORWARDED TO FRANCE

ASKS RELEASE OF GERMANS AND AUSTRIANS TAKEN FROM AMERICAN SHIPS

(By Associated Press.)
WASHINGTON, Dec. 14. — The American note to France making representations against the taking of Germans from the American steamer Cosmo by a French warship, is en route to Paris. It asks the release of the Germans, and also of the Austrians taken from the San Juan, off Carolina.

JUNE 7 IS DATE FOR THE CONVENTION

REPUBLICANS HAVE NOT YET SELECTED CITY TO HOLD MEETING

(By Associated Press.)
WASHINGTON, Dec. 14.—The Republican national committee has decided to hold the 1916 convention on June 7th. The city will be selected later. The date means that the Republicans will meet a week in advance of the Democratic convention at St. Louis. Many of the members believed that advantages were to be gained by getting their platform before the country first. Sub-committees are to give a hearing to the suffrage and anti-suffrage leaders.

(By Associated Press.)
CHICAGO, Dec. 14.—(Flash)—Chicago has been selected as the city in which the Republican national convention will be held, beginning June 7.

TURQUOISE MINE SOLD

Chas. Schmidlein and Johnny Francis sold their turquoise mine in Grass Valley this week to Los Angeles parties. The mine has been worked on a small scale for the past several years. The product has been pronounced by the Tiffanys of New York one of the most promising in the west. — Austin Revell.

Advertise in the Bonanza

65,340 killed, wounded and missing, making a total of 2,244,248, exclusive of the Bavarian, Turkish and other lists.

(By Associated Press.)
WASHINGTON, Dec. 14. — An increase of nearly 300 per cent over the sum spent last year for big guns, the coast fortifications, and ordnance is included in the general preparedness scheme, itemized in the fortifications bill prepared by the war department. The scheme proposes to spend \$89,000,000 for coast defenses in the next four years.

BANKRUPTCY MAY NOT OVERTAKE EUROPE

PARIS, Dec. 14.—The answer of Paul Leroy Beaulieu, the French economist, to the question "Will Europe be plunged into bankruptcy because of the war," is "No, not even Germany."

Concerning the result of the present enormous spending of money by all the nations and the conditions following the war, he forecasts the end of the war a year hence and after its end a remarkable industrial activity with an international commercial rivalry leading to high tariffs in all the nations now at war, including free-trade England, and yet higher tariffs in the United States.

He said: "While such a situation has never before presented itself in history and while therefore all opinions must be given with some reserve, I am confident that no fear need be felt for a universal collapse of world finances. The destruction in this war, save possibly in the lives lost, has been exaggerated in the public mind. Not a single nation involved will be irretrievably ruined. The enduring power of accumulated wealth has been underestimated. It will take not more than ten or twelve years for the world to recover from its losses.

"I estimate that the war will have come to a close by next autumn. Then there will set in a period of manufacturing activity the like of which we have never known. This period has been made necessary by the physical damage done, by the diversion to war supplies of factories once engaged in making cloth and what not. During this reconstruction period we will work harder than formerly. There will not be the stagnation which par-

IT IS NOW ALL OVER FOR "BLACKIE" BURKE

NEW DEVELOPMENTS IN MIDWAY SHAFT

BODY FOUND IN HIS CABIN AND REMOVED TO MORGUE—WILL HOLD INQUEST

One result of H. C. Brougher's recent visit to Tonopah will be the immediate undertaking of new work in the Midway Consolidated mine. Superintendent Douglass will continue the winze down from the 1330, where a massive ledge, carrying encouraging values, was encountered, keeping on the footwall side, but he will also cut station on the 800 level of the new shaft and crosscut south for the vein.

"Blackie" Burke is really dead at last. Some time ago he was taken from his cabin to the morgue, but when the undertaker began to work on the case "Blackie" sat up and expostulated.

This time he is really passed beyond mortal ken. His body was found in his cabin in the cross gulch below town late yesterday afternoon. He apparently had simply ceased to live, having been deprived of anything making living worth while or for sustaining it. His cabin was in a state of emptiness and untidiness that evidenced his hopelessness when he lay down and breathed his last.

"Blackie" was aged about 55 years. He had been here a long time. No relatives or close friends have yet claimed his body. Coroner Dunsenath will hold an inquest late this afternoon.

HEAVY SANDSTORM DOES GREAT DAMAGE

TELEGRAPH SERVICE IS AFFECTED AS FAR SOUTH AS VIRGINIA

(By Associated Press.)
NEW YORK, Dec. 14.—The center of one of the heaviest snowstorms this season has experienced in years has just passed northeast of New York City, leaving in its wake a tangle of broken telegraph poles and wires. Trains are stalled in parts of New York, New Jersey and Pennsylvania. New England is under a blanket of snow from 6 to 15 inches in depth. Boston and New York passenger trains are from six to eight
